EMPLOYMENT HISTORY

Frontend Developer – Fateh Fitness Studio Nov2021 – May2022

Skills: React, styled-components, Jest, NodeJS, Git, AWS Lambda, SES, Amplify, AdobeXD

- Developing React website for the studio. Currently live on www.fatehfitness.in
- Create wireframes and prototypes using AdobeXd and create components and UI based on that.
- Built APIs using Node.js, manage AWS services like Amplify, Code Pipeline, S3.

Personal Projects – Self Employed 2020 – Present

Skills: ReactJs, Flutter, Sketch App, Adobe XD, Documentation, MUI, Tailwind, AWS Services, Networking

1. Self-studied and developed multiple web development and networking-based projects
2. Practiced multiple JavaScript frameworks, Testing libraries and design concepts.

★ PERSONAL LIVE PROJECTS

[CodeSingh](#) Portfolio (under development) 2022

Skills: React, TypeScript, Tailwind, AWS Amplify, Git

1. Developing my personal portfolio using React
2. Working on Playground page which includes integration of my several micro personal projects like Metric/Imperial Unit conversion, Crypto Trace, etc in one place.

[Crypto Trace](#) - General Assembly Bootcamp 2022

Skills: React, Node.js, REST, Axios, Tailwind, TypeScript, Git, CI/CD, AWS S3, ChartJs

1. Requirement gathering and create React web app based on that
2. REST calls using Coin Gecko APIs
3. Use best practices and build a responsive UI.

[CV Builder and PDF Generator Tool](#) 2021

Skills: ReactJS, HTML5, CSS3, AWS Amplify

1. This is my invention to edit my CV on-the-go from phones, tablet or desktop. too
2. Bonus: The CV you're currently reading is the replica of my web CV format in pdf. If you like this format, you can create your CV online as well using my tool and export it to a PDF. It works best on large screen devices and Chrome, Mozilla browsers.

[Feedback Widget](#) 2021

Skills: ReactJs, SASS, Netlify

1. Reusable react widget built with React.
2. Created embeddable react widget, which you can use in any 3rd party website.

SUMMARY: I'm a JavaScript + React Developer with experience and knowledge in multiple domains of the software development lifecycle and networking. I am currently doing a React bootcamp program affiliated with General Assembly and the Australian government. I am very passionate about web development and I have a thirst for learning new skills to further my knowledge. To find out more about me, Please do visit my LinkedIn and Github.
